Our Classes and Our Staff

Each class has a mixture of activities, play centers, and hands-on learning time throughout the day.

PreK-3 Class: This class is designed for children who are three years old and will turn four during the course of the school year. It is the perfect atmosphere for your child to develop strong social skills, adjust to a school setting, and begin to foster a love of learning through play based activities and hands on learning experiences! Students in this class must be totally toilet trained and verbal in order to participate.

PreK-4 Class: This class has a more structured learning environment. Children are encouraged to accept responsibility and taught to function independently in the classroom. The focus of this class is to prepare the children for kindergarten.

We are very blessed to have such an accomplished staff! Our lead teachers hold either Master's or Bachelor's degrees in Early Childhood education and our assistant teachers hold an Associate's degree or possess extensive work experience with children. Most of our teachers and assistants have been with us for many years. In addition, our staff is also trained in CPR, BLS and First Aid.

The staff is well trained in our Christian based curriculum which is very strong in Phonics. All staff works together to provide the best well-rounded education possible for your preschooler. Teachers communicate with each other to insure that the curriculum flows in such a way that there are no learning gaps from the three year old class to the PreK-4 class and from the PreK-4 class to kindergarten. We consider it a privilege to serve the families in our community.
